## **Agency of Human Services Central Office (AHSCO)**

### **I. Introduction**

The following narrative represents the cost allocation plan (CAP) for the State of Vermont, Agency of Human Services (AHS). For purposes of this narrative, AHS is also referred to as the “Office of the Secretary”, as it is the Secretary’s Office that provides support functions, while all direct services, with the exception of certain grants, are administered by the departments that fall under this umbrella agency. The Departments which fall under AHS are Department of Children and Family Services (DCF); Department of Disabilities, Aging and Independent Living (DAIL); Office of Vermont Health Access (OVHA); the Vermont Department of Health (VDH); and the Department of Mental Health.

The mission of the AHS Office of the Secretary is to:

- Ensure that citizens, policy makers, and service providers are knowledgeable about the well being of Vermonters;
- Promote integrated planning, delivery, and evaluation of resources and services; and
- Ensure that Agency resources (personnel, fiscal, technology, and space) are managed effectively.

### **II. Organization**

The AHS Secretary oversees the four divisions within AHS in addition to the Human Services Board, the Vermont Developmental Disabilities Council, and the Investigations Unit.

#### ***Division of Administrative Services:***

The Division coordinates the development of the Agency’s budget to ensure that departmental programs reflect the Governor’s priorities and are in compliance with legislative requirements. The Division develops financial status reports and monitors key program performance indicators for each Agency department and office. The Division’s fiscal unit coordinates all federal block grant and statewide single audit functions and updates federal cost allocation plans as necessary. The Division’s Audit Unit performs monitoring functions agency wide. The Division’s Health Care Integrated Unit monitors health care expenditures and revenues functions statewide. The Division’s data processing group coordinates the deployment of new centralized systems and software applications that allows both Agency district offices and community sites to share data appropriately across geographic and organizational boundaries. The Division also coordinates the efficient use of 720,000 square feet of AHS office space statewide.

#### ***Division of Human Resources:***

AHS HS staff supports all Agency personnel management functions for an Agency workforce of approximately 3,500 employees.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

### ***Division of Planning:***

The Division works in partnership with communities and state entities to improve the well-being of Vermonters through the planning, coordination, and evaluation of human services. The Division engages in prevention planning, training and technical assistance, and evaluation with AHS Departments and other state agencies and non-governmental partners. It assists communities to assess their strengths and assets and to articulate clear and consistent goals, develop integrated and effective strategies, and deploy resources efficiently. The Division also engages in federal grant compliance monitoring and helps communities to evaluate their initiatives. The Division publishes annual summaries of Vermont state and community performance on more than 50 indicators of well-being.

### ***Division of Rate Setting:***

The Division audits and establishes choices for care payment rates for nursing facilities and private non-medical institutions for the Department of Children and Families Services (DCF) as well as intermediate care facilities for people with developmental disabilities for the Department of Disabilities, Aging and Independent Living (DAIL). Through the application of its rules, the Division evaluates the reasonableness and allowability of program budgets and expenditures to ensure both cost containment and quality of care.

### ***Human Services Board:***

The Board is a citizen's panel consisting of seven members created by the legislature pursuant to 3 V.S.A., Sec. 3090. Its duties are to act as a fair hearing board for appeals brought by individuals who are aggrieved by decisions or policies of departments and programs within AHS. The Board conducts hearings and issues written decisions in accordance with its rules and its statutory responsibilities. The Board also certifies Family Court copies of Child Support Orders issued by the Board prior to the creation of the Family Court.

### ***Vermont Developmental Disabilities Council:***

The Developmental Disabilities Council works to ensure that all people with developmental disabilities receive the opportunities, assistance, and services necessary to live independently and productively in integrated community settings. The Council engages in advocacy, capacity building, and systems change activities. It contributes to a self-directed and family-centered system of community services, individualized supports, and other forms of assistance that enable self-advocates to exercise self-determination, to be independent, productive, and included in all facets of community life.

Please see the attached organization chart.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

### III. Plan Departments (Cost Pools) and Allocation Methodologies

Plan Department:

#### State Wide Indirect Cost Allocation Plan (SWICAP)

Nature and Extent of Services: The State of Vermont, Agency of Administration negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to AHS are included in the CAP and allocated to the appropriate benefiting objectives.

Plan Department:

### Single Audit

Nature and Extent of Services: The Single State Audit is administered annually by an outside accounting firm that has entered into a contract with the State of Vermont. This work is put out to bid yearly. The contractor works with the State Auditor's Office as well as Central Office staff to calculate the payment for which AHS is responsible.

Plan Dept.	Plan Dept. Name	Description	Allocation Method
1002.1	Single Audit	AHS-CO is responsible for payment of that portion of the contract which is applicable to the entire Agency of Human Services (as determined by the Auditor's office).	The Agency's previous year's actual cost of the Single Audit is allocated to all Departments based on the specific departmental billing allocations provided by the State Auditor's Office (SAO). One-fourth of each department's annual allocation is then stepped down each quarter to all programs via the quarterly cost allocations.

## **Department for Children and Family Services (DCF)**

### **I. Introduction**

The following narrative and supporting schedules represent the public assistance cost allocation plan for the State of Vermont, Agency of Human Services (AHS), Department for Children and Family Services (DCF). DCF is the “single state agency” for the Title IV-E, Title IV-B, Title IV-D, Temporary Assistance to Needy Families (TANF), and Food Stamps programs. DCF is also responsible for all Global Commitment eligibility processes performed in Vermont. This agency was newly created in state fiscal year (SFY) 2005.

The newly created DCF represents the merger of the Office of Child Support (OCS), the Office of Economic Opportunity (OEO), the Department of Prevention, Assistance, Transition, and Health Access (PATH, formerly the Welfare Department), and the Department of Social and Rehabilitation Services (SRS).

It is the mission of DCF to promote the social, emotional, physical, and economic well being and safety of Vermont’s children and families. This work is done through the provision of protective, developmental, therapeutic, probation, economic, and other support services for children and families in partnership with schools, business, community leaders, service providers, families, and youths statewide.

The major Divisions and Offices within DCF include the following:

- The Child Development Division ensures a statewide system that promotes and supports safe, accessible, quality childcare for Vermont families.
- The Office of Child Support (OCS) establishes and enforces child support court orders, locates missing parents, and ensures the steady flow of economic support to Vermont children.
- The Division of Family Services administers juvenile justice services, including the Woodside facility and administers child welfare services, including foster care and adoptive services.
- The Economic Services Division manages the Food Stamps program, Welfare-to-Work (Reach Up), Home Heating Assistance, General and Emergency Assistance, the Essential Person program (AABD), Choices for Care Waiver and Global Commitment.
- Disability Determination Services consists of professional disability examiners who work with part-time medical doctors representing a number of medical specialties.
- The Office of Economic Opportunity (OEO) seeks to increase the self-sufficiency of Vermonters and strengthen Vermont communities by connecting communities to governmental and private resources to eliminate poverty through weatherization services, support for community-based organizations engaged in anti-poverty efforts, and food and nutrition services.

Within this document, we have included an overview of DCF’s organizational structure and a list of the specific functions performed by DCF, referred to as plan departments or cost pools, and the allocation method for each function. Please note that cost pools are developed based on VISION program codes. VISION is the State of Vermont’s accounting system.

## **Department of Disabilities, Aging and Independent Living (DDAIL)**

### **I. Introduction**

The following narrative and supporting schedules represent the public assistance cost allocation plan (PCAP) for the State of Vermont, Agency of Human Services (AHS), Department of Disabilities, Aging and Independent Living (DDAIL). DDAIL is responsible for administering Title III funded programming, Section 110 programming and developmental disabilities case management services for the State of Vermont.

#### ***DDAIL Mission Statement***

The Department of Aging and Independent Living is the center of the Agency of Human Services' program management and policy development with respect to older persons and persons with disabilities. The Department has the following goals:

- Assist older persons and adults with physical disabilities to live as independently as possible.
- Assist persons with disabilities to find and maintain meaningful employment.
- Assure quality of care and life to individuals receiving health care and/or long term care services from licensed or certified health care providers and protect elderly and disabled adults from abuse, neglect and exploitation.

Within this document, we have included an overview of DDAIL's organizational structure and a list of the specific functions performed by DDAIL, referred to as plan departments or cost pools, and the allocation method for each function.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## **II. Organization**

The major programs at DDAIL are organized under the following divisions:

**Division of Disability and Aging Services** - These activities center around developing, overseeing and enabling access to a system of services which assist older persons and persons with disabilities to live as independently as is possible. Includes overseeing a variety of services, such as nutrition, attendant care, homemaker, adult day, respite, transportation, benefits counseling, advocacy, service coordination, information and referral, and, and legal assistance. Helps children and adults with developmental disabilities and children with health impairments and/or physical disabilities to live as independently as possible within their family, home and community, acting as the appointed (public) guardian for some persons age 60 and over.

**Blind and Visually Impaired** - These activities offer a wide range of vocational, independent living, social and advocacy services to individuals who are blind or visually impaired.

**Vocational Rehabilitation** - These activities are designed to assist persons with disabilities to obtain or maintain employment or independence consistent with their interests and abilities.

**Licensing and Protection** - These activities include the regulation of a variety of health care and residential facilities, and investigating adult abuse and/or neglect.

Also DDAIL has an Intergovernmental agreement with OVHA pertaining to the Global Commitment Health Waiver.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## **Office of Vermont Health Access (OVHA)**

### **I. Introduction**

The OVHA is the State office responsible for the management of Medicaid, the State Children's Health Insurance Program (SCHIP), and other publicly funded health insurance programs in Vermont. The OVHA is the largest insurer in Vermont in terms of dollars spent and the second largest insurer in terms of covered lives.

The mission of the OVHA is to:

- Assist beneficiaries in accessing clinically appropriate health services.
- Administer Vermont's public health insurance system efficiently and effectively.
- Collaborate with other health care system entities in bringing evidence based practices to Vermont Medicaid beneficiaries.

The OVHA is lead by the Medicaid Director, Deputy Director of Program Operations, Deputy Director of Administrative Operations and the Medical Director. The Medicaid Director is responsible for oversight of all of OVHA's operations. The Deputy Director of Program Operations is primarily responsible for data analysis, health programs integration, and pharmacy and program integrity. The Deputy Director of Administrative Operations is responsible for policy, provider relations, benefit coordination, reimbursement and administrative services. The Medical Director is responsible for clinical operations, chronic care management and care coordination.

During the fall of 2005, the State received approval from the Centers for Medicare and Medicaid Services (CMS) for a Section 1115 Medicaid Waiver known as "Global Commitment to Health Waiver". The Waiver allows the State to fundamentally restructure the Medicaid program and imposes a cap on the amount of federal funding available for services for the Medicaid population. The State exchanged the risk of operating under a capped funding arrangement for the opportunity to use federal Medicaid funds for non-Medicaid health programs.

The goals of the Waiver include:

1. Financial and programmatic flexibility to help maintain public health care coverage and provide for more effective services.
2. To lead in exploring new ways to reduce the number of uninsured.
3. Foster innovation within health care by focusing on health care outcomes.

The five-year Waiver term became effective October, 2005, and allows the State to deviate from traditional federal Medicaid law and regulations in the following key ways:

1. Imposes a global cap on federal funds.
2. Establishes the OVHA as a managed care organization (MCO).
3. Allows the State to use federal Medicaid funds for state fiscal relief and non-Medicaid health programs.
4. Provides flexibility to reduce benefits, increase cost sharing, and limit enrollment for optional and expansion populations with some limits.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## **I. Introduction (continued)**

Within the Agency of Human Services (AHS), the Waiver will allow cross-departmental initiatives to obtain the greatest value from scarce health care dollars. The flexibility of the Waiver allows the State to effectively manage public resources, provide the tools necessary to make health care programs fiscally sustainable, and improve the Vermont health care system.

Under the Global Commitment to Health Waiver, the OVHA is an MCO, and must meet rules for Medicaid MCOs. The OVHA has intergovernmental agreements (IGAs) with the AHS and AHS departments that make them part of the MCO within the framework of the Global Commitment to Health Waiver. The State desires to use the Global Commitment to Health Waiver flexibility to integrate a Chronic Care Management Program (CCMP) into a system of care that can be used to benefit Medicaid beneficiaries, providers, and the OVHA.

### ***Other Departmental Claiming***

The following AHS Departments also claim allowable administrative to the Medicaid program, such as school-based and child welfare related costs:

Social and Rehabilitative Services (SRS), now DCF

- Percentage of Social Worker time spent on allowable Medicaid administrative activities.

Prevention Assistance, Transition, and Health Access (PATH), now DCF

- ICF/MR Licensure.
- Level III Homes Licensure.
- Home Health Hotline.
- Auditing MDS+ Forms.
- Prior authorization personnel.
- Developmental Services administration.
- Vocational Rehabilitation staff administering traumatic brain injury HCB waiver.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## **I. Introduction (continued)**

Vermont Department of Health (VDH)

- Medicaid outreach and eligibility.
- Medical Practice Division (Quality Assurance).
- Selected Skilled Professional Medical Personnel.

Costs for these activities are included in each Department's plan and included on the CMS-64 as appropriate.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## II. Plan Departments and Allocation Methodologies

Plan Department 1:

### Indirect Cost Allocations

## Vermont Department of Health (VDH)

### I. Introduction

The State legislature established a new Department of Mental Health (DMH), effective July 1, 2007. This Department of Mental Health ~~will now~~ includes the programs and services previously included in the Vermont Department of Health's Mental Health and Vermont State Hospital programs. See the separate Plan of the Department of Mental Health for a description of these services. Under the arrangement mandated by this reorganization, certain support services for the new DMH, such as business office budget, grants administration, accounts payable services and information technology services, ~~will~~ continue to be provided by staff of the Vermont Department of Health (VDH). This plan amendment ~~will~~ provides mechanisms for VDH overhead costs to be allocated to DMH programs. ~~It will also retain certain program codes related to mental health services in instances where it is likely that VDH direct costs will need to be charged to these programs.~~

Under the new Agency of Human Services (AHS) organizational structure, the Department of Health (VDH) will be responsible for the public health of the citizens of Vermont. VDH's mission statement is as follows:

We will have the nation's premier system of public health, enabling Vermonters to lead healthy lives in healthy communities.

- We will lead out state and communities in the development of systematic approaches to health promotion, safety and disease prevention.
- We will continuously assess, vigorously pursue and document measurable improvements to the health and safety of Vermont's population.
- We will succeed through excellence in individual achievement, organizational competence and teamwork within and outside of the Department of Health.

Within this document we have included an overview of VDH's organizational structure and a list of the specific functions performed by VDH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes, from the state accounting system.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## **II. Organization**

VDH is organized into six divisions. These are Administration; Health Protection; Health Surveillance; Health Improvement; Community Public Health; and Alcohol and Drug Abuse Programs. In addition, the Board of Medical Practice is an office in the Department of Health.

For the implementation of Global Commitment, VDH activities are based on an Inter-Agency Agreement with OVHA. OVHA is the Public Managed Care Organization (Public MCO) for all enrollees under the Global Commitment to Health Waiver. The AHS, as the Single State Agency, will provide oversight of the OVHA in that capacity.

### ***Administration:***

The Administration appropriation includes:

- The Commissioner's Office;
- Information Technology Services;
- Budget and Grants Management;
- Business Office;

The Commissioner's Office provides policy direction and guidance to staff and programs of the Department. In addition, the Office keeps the public informed of issues that may affect their health and wellbeing through press releases, press conferences and responding to multiple daily press inquiries seeking information related to matters affecting public health. Information on community health is made available to the public through the periodic release of the *Health Status Report* and through establishing broad health goals such as are included in *Healthy Vermonters 2010*.

Information technology services maintain a 500+ user network serving 15 sites statewide. Staff develop, support and maintain a large number of custom software applications serving department programs. The unit supports a key national public health initiative to develop a national electronic disease surveillance and reporting system.

Budget and grants management staff manages the department's overall budget and spending. The unit manages the budgets for the nearly 100 federal and foundation funding sources that make up two thirds of the department's budget.

The business office provides financial and logistics support for all department operations.

### ***Health Protection:***

The Health Protection appropriation includes:

- The Office of the Chief Medical Examiner – performs autopsies and investigates unexpected deaths from violence, injury, suicide, drugs or other circumstances;
- Emergency Medical Services – responsible for standard setting, regulation and planning for statewide emergency medical services systems, training, technical assistance and program development for local services and licensing and certification of all personnel and emergency equipment;
- Radiological Health Services – minimizes occupational general public and patient radiation exposure by registering and inspecting radiation sources, conducting environmental surveillance for the Vermont Yankee nuclear power plant and providing technical assistance;

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

- Food and Lodging Services – inspects and licenses all restaurants, hotels, motels, inns, delis, bakeries, school food service facilities, summer camps and fairs to prevent food borne illness;
- Environmental Health Programs – evaluates the potential risks to health posed by contaminants in housing, food, water and air. Performs toxicological and risk assessment analyses, operates asbestos certification program, childhood lead poisoning prevention program, school indoor air program, coordinates development of state asthma plan and enforces the Clean Indoor Air Act.

### ***Health Surveillance:***

The Health Surveillance appropriation includes funding for:

- Public Health Laboratory – performs laboratory tests annually to identify infectious disease toxins or contaminants in air, food, water and clinical samples;
- Epidemiology – investigates and monitors reportable diseases and operates programs that provide service and prevention for sexually transmitted disease, HIV/AIDS, hepatitis and tuberculosis;
- Immunizations – provides vaccine to children and adults, assures adherence to vaccination procedures and policies;
- Chronic Disease – investigates and monitors chronic disease and operates screening programs for breast and cervical cancer and other conditions;
- Public Health Statistics – provides statistical and analytical support to all department programs, maintains and analyzes vital records, conducts health surveys and operates the Vermont Cancer Registry.

### ***Health Improvement:***

The Health Improvement appropriation includes funding for:

- Maternal and Child Health – administers the Maternal and Child Health federal block grant and monitors and works to improve the system of health care for women, children and families;
- Children with Special Health Needs – provides and/or assures that health care and support services are available to children (0-21) who have complex health problems and to their families;
- Dental Health – works to improve the oral health of Vermonters by assuring access to preventative dental care and support for fluoridation programs;
- Tobacco Control – work to cut the prevalence of tobacco use by 50% by 2010;
- Health Systems – includes Rural Health, Primary Care, Health Promotion, Diabetes Control and Minority Health Programs, which work to provide or improve access to health care and to raise awareness of the health needs of special populations;
- Family Planning – administers the federal family planning grant;
- Hospital Bioterrorism Preparedness – assists the state's hospital system to prepare for public health emergencies;

Much of the work of this division is funded by federal grants and to a lesser extent by grants from private foundations. State funds are used primarily to meet federal match requirements. Those general funds not encumbered by federal matching requirements are applied as much as possible to draw down Global Commitment funds.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

### ***Community Public Health Division:***

The Community Public Health Division provides direct service to Vermonters through district offices. The Community Public Health appropriation funds:

- 12 District Offices Around the State – provide the essential health promotion and disease prevention services necessary for an effective public health system. It is through these district offices that most Health Department programs reach the people of Vermont;
- Healthy Babies, Kids & Families – health care and support services through pregnancy and delivery and for infants and children from birth to 5 years;
- WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers;
- EPSDT – consists of two main components: (1) assuring the availability and accessibility of required health care resources; and (2) helping Global Commitment recipients and their parents or guardians effectively use these resources;
- Town Health Officer – coordinates the appointment process for municipal health officers and aids them in carrying out their duties. Produces manuals and newsletters for municipal health officers to keep them informed of recent environmental health issues and regulations; developing and providing training sessions on public health issues relevant to their work.

### ***Alcohol & Drug Abuse Programs:***

The Alcohol and Drug Abuse Program appropriation funds:

- Alcohol and Drug Research and Planning – conducts surveys and analysis to determine the prevalence of substance abuse and treatment needs of communities. Conducts program and fiscal monitoring data analyses and evaluations of key ADAP prevention, intervention and treatment services to ensure their accessibility, appropriateness, quality and cost effectiveness. Manages and monitors federal data grants and SAPT block grant data reporting.
- Alcohol and Drug Abuse Treatment – manages and provides quality assurance for the state's substance abuse treatment system including monitoring programs and licensing of substance abuse counselors. Operates the Drinking Driver Rehabilitation (CRASH) program. Manages student assistance programs. Funds treatment services for VHAP and uninsured clients. Manages and monitors Global Commitment funding of treatment providers.
- Alcohol and Drug Prevention – collaborates with the Department of Education to help schools and colleges develop comprehensive alcohol and drug abuse prevention programs. Provides funding for prevention programs through grants to schools and community agencies and monitors implementation and results.

### ***Board of Medical Practice:***

The Board of Medical Practice licenses physicians, podiatrists and physician assistants. The Board investigates all complaints and charges of unprofessional conduct against any person subject to its jurisdiction. The Board is also required by law to create individual profiles on all health care professionals licensed, certified or registered by the department and make these profiles available to the public.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

**Cost Impact:**

All changes in the Cost Allocation Plan are identified in red. The cost impacts, by category, are as follows.

Category 2 – Programs in this category are used to identify grants 100% federally funded.

39346 RTDD – Real Time Disease Detection: All costs associated with real time disease detection activities under the Bioterrorism Preparedness program. This is a new set-aside in the CDC Bioterrorism Preparedness grant and the costs in this program code will be charged to that grant.

39398 Advanced Directive Registry: All costs associated with advanced directives registry. These costs will be charged as a Global Commitment MCO Investment.

39827 Strategic Prevention Framework State Incentive Grant -- Community: All community sub grant costs associated with the Strategic Prevention Framework State Incentive Grant (SPF-SIG). This program code is established in order to better track certain SPF-SIG expenditures in order to document compliance with earmark requirements of this grant. Other program codes are likely to be added in subsequent quarters to document compliance as the program develops.

Category 3 – Programs in this category are created or have been updated to facilitate the tracking of expenditures in an accurate fashion and have no federal impact.

39321 West Nile Virus Surveillance. This program code has been deleted because CDC no longer requires these costs to be tracked separate from other costs in the Epidemiology and Laboratory Capacity grant. Any West Nile Virus costs will continue to be charged to the federal program through program code 39320.

39347 Adult Viral Hepatitis: All activities associated with the prevention of adult viral hepatitis. This program code is established to better track Adult Viral Hepatitis costs. These are not new expenditures. These same services had previously been funded by CDC as a component of their Epidemiology-Laboratory Capacity grant. Instead of funding these activities as a component of that grant, CDC has issued a new, separate grant award, #1U51PS0000863. Reporting costs for this new grant requires a new program code and a new method.

39344 Catamount Immunization Services: Time, expenses and vaccine purchases associated with the State-funded Catamount Immunization program. No Federal funds are involved.

39885 Transitional Housing-Charitable Choice. This is a state-funded alcohol and drug abuse program not charged to any federal funding source.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

### III. Plan Departments and Allocation Methodologies

Plan Department 1:

#### Indirect Cost Allocations

Nature and Extent of Services: The State of Vermont, Agency of Human Services negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to VDH are included in the CAP and allocated to the appropriate benefiting objectives. VDH also receives allocations from the AHS Office of the Secretary.

Plan Dept.	Plan Dept. Name	Description	Allocation Method
1000.1	SWICAP	VDH Allocation of Statewide Indirect Costs	Relative Share of Department Salaries
1000.2	Statewide Single Audit	VDH Allocation of Statewide Single Audit Indirect Costs	Relative Share of Department Salaries
1000.3	Attorney General's Office	VDH Allocation of Attorney General's Office Costs	Relative Share of Department Salaries
1000.4	AHS Secretary's Office	VDH Allocation of AHS Secretary's Office	Relative Share of Department Salaries
1000.5	AHS Field Services	VDH Allocation of the costs of AHS Field Services	Relative Share of Department Salaries
1000.6	AHS Information Technology	VDH Allocation of AHS I.T. costs	Relative Share of Department Salaries

Plan Department 2:

**Administration**

Nature and Extent of Services: The following plan departments, descriptions, and allocation methodologies are for costs associated with the Commissioner's Office; Information Technology Services; Budget and Grants Management; the Business Office; and Training and Development. Certain of these costs (39002, 39003) ~~will be~~ **are** allocated to the Department of Mental Health as well as VDH because DMH ~~will be~~ **are** supported by these VDH Administration activities. In addition to these allocated costs, there are program codes (Plan Dept. codes) that were formerly listed under the VDH Mental Health or Vermont State Hospital which are now included here because there will continue to be direct charges to these programs from VDH (42005, 42014, 42015, 42755). They are not identified as new codes because they had been included in the VDH Plan prior to this reorganization. It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. For editorial convenience, certain codes that were previously listed under the VDH Mental Health Division are now shown in this Administration section even though the actual costs may originate in other divisions.

<b>Plan Dept.</b>	<b>Plan Dept. Name</b>	<b>Description</b>	<b>Allocation Method</b>

Plan Department 6:

**Community Public Health**

Nature and Extent of Services: The following plan departments, descriptions, and allocation methodologies are costs associated with the twelve District Offices around the State; Healthy Babies, Kids and Families Program; WIC; EPSDT; and Town Health Officer Program.

Please note that for the quarter beginning October 1, 2006, a number of new codes have been added to more clearly identify activities in the District Offices. The new codes charged to Global Commitment are not new costs. These same activities have been performed in previous years and have been charged to a small number of "Medicaid" codes. We have not yet abolished the "old" codes (e.g., 39756, 39767, 39768) because of the gradual nature of the transition to the use of the new codes. Old codes will be eliminated in future quarters as implementation of the new codes becomes complete.

## **Department of Mental Health (DMH)**

### **I. Introduction**

The Department of Mental Health (DMH) was established by the state legislature effective July 1, 2007. For the last several years, mental health programs had been provided through the Division of Mental Health within the Department of Health (VDH).

Within this document we have included an overview of DMH's organizational structure and a list of the specific functions performed by DMH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes, from the state accounting system.

Although Mental Health is a separate Department, it continues to receive support services from staff in the Health Department, especially in the business office and in information technology. Costs of these services are distributed over both departments based on relative share of salaries.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

## II. Organization

The Mental Health Department contracts with 11 designated community agencies (DAs) to provide services to adults with severe mental illness and adults with less severe emotional or behavioral problems that still disrupt their lives; children and adolescents experiencing a serious emotional disturbance and their families; and anyone who is experiencing an acute mental-health crisis. Between 20,000 and 25,000 Vermonters currently receive mental health services from public providers. Approximately 10,350 clients receive community-based mental health services through Community Rehabilitation and Treatment (CRT) programs and Adult Outpatient programs in FY 2003.

Last year, 9,581 Vermont youth (6.4%) were assigned to Children's Services programs in the public mental health system. These young Vermonters were either experiencing a severe emotional disturbance or were at substantial risk.

The contracted designated agencies also operate mental health Emergency Services Programs which are available 24 hours a day, seven days a week, responding to any individual experiencing a mental health crisis and to communities following natural disasters, accidental deaths, suicides and other traumatic events. Emergency programs also screen situations to determine if there is need for admission into involuntary and/or acute care arrangements. Approximately 6,100 Vermonters were served through these Emergency programs last year.

Inpatient services in Vermont State Hospital (VSH) are for involuntary emergency examinations and commitments in which adults have become dangerous to themselves or others or for psychiatric evaluations of competency to stand trial in criminal cases. The State Hospital, which has 56 beds, is Vermont's only public psychiatric inpatient facility. During FY 2003, VSH served 234 individuals, had 216 admissions and an average daily census of 47.

- required health care resources; and (2) helping Global Commitment recipients and their parents or guardians effectively use these resources;
- Town Health Officer – coordinates the appointment process for municipal health officers and aids them in carrying out their duties. Produces manuals and newsletters for municipal health officers to keep them informed of recent environmental health issues and regulations; developing and providing training sessions on public health issues relevant to their work.

### **Cost Impact:**

All changes in the Cost Allocation Plan are identified in red. There have been no changes in the Department of Mental Health for this quarter.

\* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

### III. Plan Departments and Allocation Methodologies
